TEST TECHNICIAN

POSITION

American Plating Power ILC seeks a skilled Electronics Test Technician to perform electronics testing and ensure that products perform their proposed functions in a satisfactory manner.

JOB RESPONSIBILITIES SUMMARY

- Perform electronic and software tests in accordance with defined procedures or guidelines while working with exposed voltages up to 1000V AC and/or DC.
- Assist in creating, documenting, and/or updating test procedures
- Document Test records
- Provide support to engineering staff as needed.
- Cleaning, Repair, and testing of RMA & New product when applicable.
- Participate in maintaining a clean and safe work environment.

REQUIRED KNOWLEDGE, SKILLS, & ABILITIES

- Associate's degree in Electronics technology or equivalent based on academic credentials evaluation, training and/or experience.
- One year experience as an Electronics Test Technician or related, with strong capability in electrical test.
- Working knowledge of analog and digital electronics and electronic circuits
- Ability to read Printed Circuit Board schematics & identify function of circuit design
- Familiarity with modern test equipment
- Experience using common electronic test equipment
- Practical knowledge of 3-phase power systems
- Experience with Microsoft Windows Operating Systems and associated applications
- Must be able to successfully pass APP's Basic Electronic Exam

ATTENDANCE/PUNCTUALITY

- To maintain a safe and productive work environment, American Plating Power, LLC. expects employees to be reliable and to be punctual in reporting for scheduled work. Poor attendance and excessive tardiness are disruptive.
